

Dr. Ritchie is Professor of Medicine at Harvard Medical School and Director of Research for the Division of Palliative Care and Geriatric Medicine at Massachusetts General Hospital (MGH). She directs the Mongan Institute Center for Aging and Serious Illness, co-chairs the NINR-funded Palliative Care Research Cooperative and co-directs the national Home-based Primary Care Learning Network. She is a board-certified geriatrician and palliative care physician and directs the MGH Dementia Care Collaborative. Her research focuses on patients with complex serious illness and multimorbidity and involves the development, implementation and evaluation of care delivery models for older adults with serious illnesses.
